Customer represents and warrants that: (a) Customer owns or has sufficient rights in and to the Customer Property, including, without limitation, personal, educational, and financial information contained within the Customer Property, in order for Customer and its Authorized End Users to use, and permit use of, the Offering(s), and (b) the Customer Property does not and shall not contain any content, materials, advertising or services that infringe on or violate any applicable law, regulation, or right of a third party.

Without limiting the foregoing, either Party may terminate this Agreement immediately upon written notice to the other Party in the event the other Party materially breaches the provisions of Section 9 or the license usage restrictions in any Order Form.

Notwithstanding the foregoing, if termination is due to an un-cured material default by Blackboard, Blackboard will refund a pro-rata portion of the license and maintenance and support fees paid for the current term.

5.4 Survival. The termination or expiration of the Agreement shall not relieve either Party of any obligation or liability, nor impair the exercise of rights, accrued hereunder prior to such termination. 10. MISCELLANEOUS MATTERS

10.1 Severability. The failure of either Party to insist upon strict performance of any provision of this Agreement, or to exercise any right provided for herein, shall not be deemed to be a waiver of such provision or right with respect to subsequent claims (unless expressly so stated in a valid amendment or waiver), and no waiver of any provision or right shall affect the right of the waiving Party to enforce any other provision or right herein.

10.4 Assignment. No right or obligation of Customer under this Agreement may be assigned, delegated or otherwise transferred, whether by agreement, operation of law or otherwise, without the express prior written consent of Blackboard, and any attempt to assign, delegate or otherwise transfer any of Customer's rights or obligations hereunder, without such consent, shall be void. Customer and Blackboard shall work together to ensure completion of all PR/media activities as soon as practical after contract Effective Date.

10.6 Remedies. The Parties agree that any breach of confidentiality or proprietary rights would cause irreparable injury for which no adequate remedy at law exists; therefore, the Parties agree that equitable remedies, including without limitation, injunctive relief and specific performance, are appropriate remedies to redress any such breach or threatened breach of this Agreement, in addition to other remedies available to the Parties. All rights and remedies hereunder shall be cumulative, may be exercised singularly or concurrently and shall not be deemed exclusive except as provided in Section 8. If any formal dispute resolution is brought to enforce any obligations hereunder, the prevailing Party shall be entitled to receive its legal fees, costs and other collection expenses, in addition to any other relief it may receive.

10.7 Notices. Parts 730-772), and, if applicable, relevant foreign laws and regulations.

Complete this section ONLY if this Contract is brand new. (Complete the CONTRACT AMENDMENT section for any material changes to an existing or an expiring Contract, and for exercising options to renew or annual contracts under a multi-year procurement or grant program.)

PROCUREMENT OR EXCEPTION TYPE: Check the appropriate type of procurement or exception for this Contract. Only one option can be selected. See State Finance Law and General Requirements, Procurement Policy and Fixed Assets, the Commodity and Services Policy and the Procurement Information Center (Department Contract Guidance) for details.

Statewide Contract (OSD or an OSD-designated Department). Check this option for a Statewide Contract under OSD, or by an OSD-designated Department.

Collective Purchase approved by OSD. Check this option for Contracts approved by OSD for collective purchases through federal, state, local government or other entities.

Department Contract Procurement. Check this option for a Department procurement of an individual award to local government grants and federal sub-grants under 816 CMR 2.05 and State Grants and Federal Subgrants Policy, Departmental Master Agreements (MA), if multi/Department user contract, Identify the Department use is allowable in brief description.

Emergency Contract. Check this option when the Department has determined that an unforeseen crisis or incident has arisen which requires or mandates immediate purchases to avoid substantial harm to the functioning of government or the provision of necessary or mandated services or whenever the health, welfare or safety of clients or other persons or the property is threatened. This option is for emergency Contract Employee. Check this option when the Department requires the performance of an Individual Contract, and when the planned Contract performance with an Individual has been classified using the Employment Status Form (prior to the Contractor's selection) as work of a Contract Employee and not that of an Independent Contractor.

Legislative/Other. Check this option when legislation, an existing legal obligation, prohibition or other circumstance exempts or prohibits a Contract from being competitively procured, or identifies any other procurement exception not already listed. Legislative 'earmarks' exempt the Contract solely from procurement requirements, and all other Contract and state finance laws and policies apply. Supporting documentation must be attached to explain and justify the exemption.

CONTRACT AMENDMENT (Right Side of Form):

Complete this section for any Contract being renewed, amended or to continue a lapsed Contract. All Contracts with available options to renew must be amended referencing the original procurement and Contract doc ids, since all continuing contracts must be maintained in the same Contract file (even if the underlying appropriation changes each fiscal year) "See Amendments, Suspensions, and Termination Policy." Enter Current Contract End Date: Enter the termination date of the Current Contract being amended, even if this date has already passed. (Note: Current Start Date is not requested since this date does not change and is already recorded in MMARS.)

New Amendment Amount: Enter the amount of the Amendment increases or decrease to the Memorandum Obligation Contract. Enter zero change for Rate Contracts or no change.

AMENDMENT TYPE: Identify the type of Amendment being done. Documentation supporting the updates to performance and budget must be attached. Amendment to Scope or Budget: Check this option when renewing a Contract or executing any Amendment ("material change" in Contract terms) even if the Contract has lapsed. The parties may negotiate a change in any element of Contract performance or cost identified in the RFR or the Contractor's response which results in lower costs, or a more cost-effective or better value performance. It was presented in the original selected response, provided the negotiation results in a better value within the scope of the RFR than what was proposed by the Contractor in the original selected response. Any "material" change in the Contract terms must be memorialized in a formal Amendment even if a corresponding MMARS transaction is not needed to support the change. Additional negotiated terms will take precedence over the relevant terms in the RFR and the Contractor's Response only if made using the process outlined in 861 CMR 2.07 and include a change for Rate Contracts or results in full value, lower costs, or a more cost-effective Contract.

Interim Contracts: Check this option for an Interim Contract to prevent a lapse of Contract performance whenever an existing Contract is being re-procured but the new procurement has not been completed, to bridge the gap during implementation between an expiring and a new procurement, or to contract with an interim Contractor when a current Contractor is unable to complete full performance under a Contract.

Contract Employee. Check this option when the Department requires a renewal or other amendment to the performance of a Contract Employee.

Legislative/Other: Check this option when legislation, an existing legal obligation, prohibition or other circumstance exempts or prohibits a Contract from being competitively procured, or identifies any other procurement exception not already listed. Legislative 'earmarks' exempt the Contract solely from procurement requirements, and all other Contract and state finance laws and policies apply. Attach supporting documentation to explain and justify the exemption and whether Contractor selection has been publicly.
COMMONWEALTH OF MASSACHUSETTS – STANDARD CONTRACT FORM

COMMONWEALTH TERMS AND CONDITIONS

If the Commonwealth Terms and Conditions the Contractor has executed and is incorporated by reference into this Contract. This Form is signed only once and recorded on the Vendor Customer File (VCUF). See Vendor File and VU Policy.

COMPREHENSION

Identity if the Contract is a Rate Contract (with no stated Maximum Obligation) or a Maximum Obligation Contract (with a stated Maximum Obligation) and identify the Maximum Obligation. If the Contract is being amended, enter the new Maximum Obligation based upon the increase or decreasing Amendment. The Total Maximum Obligation must reflect the total funding for the dates of service under the contract, including the Amendment amount if the Contract is being amended. The Maximum Obligation must match the MMARS encumbrance. Funding and allotments must be verified as available and encumbered prior to issuing obligations. If a Contract includes both a Maximum Obligation component and Rate Contract component, check off both, specific Maximum Obligation amounts or amended amounts and Attachments must clearly outline the Contract breakdown to match the encumbrance.

PAYMENTS AND PROMPT PAY DISCOUNTS

Payments are processed within a 45 day payment cycle through EFT in accordance with the Commonwealth Bill Paying Policy for investment and cash flow purposes. Departments may NOT negotiate accelerated payments and Payees are NOT entitled to accelerated payments UNLESS a prompt payment discount (PPD) is provided to support the Commonwealth’s lack of investment earnings for this earlier payment, or unless a payment is legally mandated to be made in less than 45 days (e.g., construction contracts). Ready Payments are due no later than 29 days from the Receipt Date (G.L. c. 29, s. 23A). See Prompt Pay Discounts Policy. PPD are identified as a percentage discount which will be automatically deducted when an accelerated payment is made. Reduced contracts rates may not be negotiated to replace a PPD. If PPD fields are left blank please identify that the Contractor agrees to the standard 45 day cycle, a statutory exemption such as Ready Payments (G.L. c. 29, s. 23A) or only an initial accelerated payment for reimbursements or start up costs for a grant, with subsequent payments scheduled to support standard EFT 45 day payment cycle. Financial hardship is NOT a sufficient justification to accelerate cash flow for all payments under a Contract. Initial grant or contract payments may be accelerated for the first invoice or initial installment, but subsequent periodic installments or invoice payments should be added to support the Payee cash flow needs and the standard 45 day EFT payment cycle in accordance with the Bill Paying Policy. Any accelerated payment that does not provide for a PPD must have a legal justification in Contract file for audit purposes explaining why accelerated payments were allowed without a PPD.

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE

Enter a brief description of the Contract performance, project name and/or other identifying information for the Contract to specifically identify the Contract performance, match the Contract with attachments, determine the appropriate expenditure codes (as listed in the Expenditure Classification Handbook) or to identify or clarify important information related to the Contract such as the Fiscal Year(s) of performance (e.g. “FY2012” or “FY2012-14”). Identify settlements or other exceptions and attach more detailed justification and supporting documents. Enter “Multi-Department Use” if other Departments can access procurement. For Amendments, identify the purpose and what items are being amended. Merely stating “see attached” or referencing attachments without a narrative description of performance is insufficient.

ANTICIPATED START DATE

The Department must enter the date that Contract performance will terminate. If the Contract is being amended and the Contract End Date is not changing, this date must be entered again here. A Contract must be signed for at least the initial duration but not longer than the period of procurement listed in the RFR, or other solicitation document (if applicable). No new performance is allowable beyond the end date without an amendment, but the Department may allow a Contractor to complete minimal close out performance obligations if substantial performance has been made prior to the termination date of the Contract and prior to the end of the fiscal year in which payments are appropriated, provided that any close out performance is subject to appropriating and funding limits under state finance law, and CTR may adjust encumbrances and payments in the state accounting system to enable final close out payments. Performance dates are subject to G.L. c. 44, § 9.

COMMONWEALTH OF MASSACHUSETTS – STANDARD CONTRACT FORM

COMMUNITY TERMS AND CONDITIONS

The Commonwealth and the Contractor have entered into this Contract. This Form is signed only once and recorded on the Vendor Customer File (VCUF). See Vendor File and VU Policy.

COMPENSATION

If the Contract is a Rate Contract (with no stated Maximum Obligation) or a Maximum Obligation Contract (with a stated Maximum Obligation) and if the Contract is being amended, the contract form must reflect the new Maximum Obligation based upon the increase or decreasing Amendment. The Total Maximum Obligation must reflect the total funding for the services during the contract, including the Amendment amount if the Amendment is being amended. The Amendment must state the MNSR’s encumbrance. Funding and allotments must be verified as available and encumbered prior to incoming obligations. If a Contract includes both a Maximum Obligation component and Rate Contract component, check off both, specific Maximum Obligation amounts or amended amounts and Attachments must clearly outline the Contract breakdown to match the encumbrance.

PAYMENTS AND PROMPT PAY DISCOUNTS

All payments are processed within a 45 day payment cycle through EFT in accordance with the Commonwealth Bill Paying Policy for investment and cash flow purposes. Payments may NOT negotiate accelerated payments and Payments are NOT entitled to payments unless a prompt payment discount (PPD) is provided to support the Commonwealth's loss of investment earnings for this earlier payment, or payment is received on the 45th day of the contract. See Payroll, Ready Payments, and Ready Payment Policies.

PPD are identified as a percentage discount which will be automatically deducted when an accelerated payment is made. Reduced contracts rates may be negotiated to replace a PPD. If PPD fields are left blank, please identify whether the Contractor agrees to the standard 45 day cycle, a statutory / illegal expense that makes Readymy Payments (G.L. c. 29, s. 23A) or only an initial accelerated payment for reimbursement or start-up costs for a grant, with subsequent payments scheduled to support standard EFT 45 day payment cycle. Financial hardship is not a sufficient justification to accelerate cash flow for all payments under a Contract. Initial grant or contract payments may be accelerated for the first invoice or initial installment, but subsequent periodic installments or invoice payments should be adjusted to support the Payee cash flow needs and the standard 45 day EFT payment cycle in accordance with the Bill Paying Policy. Any accelerated payment that does not provide for a PPD must have a legal justification. In Contract file for audit purposes explaining why accelerated payments were allowed without a PPD.

BRIEF DESCRIPTION OF CONTRACT PERFORMANCE

Enter a brief description of the Contract performance, project name and/or other identifying information for the Contract to specifically identify the Contract performance, match the Contract with attachments, determine the appropriate expenditure code (as listed in the Expenditure Classification Handbook) to identify or clarify important information related to the Contract such as the Fiscal Year(s) of performance (e.g. FY2012 or FY2012-14), individual entities, or projects and the Contract may require additional information and supporting documents. Enter "Multi-Department Use" if other departments can access procurement. For Amendments, identify the purpose and what items are being amended. Merely stating "see attached" or referencing attachments without a narrative description of performance is insufficient.

ANTICIPATED START DATE

The Department must enter the date that Contract performance will terminate. If the Contract is being amended and the Contract End Date is not changing, the date may be entered again here. The date must be signed for at least the initial duration but not longer than the period of procurement listed in the RFR, or other solicitation documentation. No new performance is allowable beyond the end date without an amendment, but the Department may allow a Contractor to complete minimal close out performance obligations if substantial performance has been made prior to the termination date of the Contract and prior to the end of the fiscal year in which payments are approved. Provided that any close out performance is subject to appropriation and funding limits under state finance law, and CTR may adjust encumbrances and payments in the state accounting system to enable final close out payments. Performance dates are subject to G.L. c. 44, s. 39.

SERVICE LEVELS

Security:
- Single point of entry to co-location is guarded twenty-four (24) hours a day with access controlled by an access database and video surveillance.
- Monitoring of the co-location area and only those persons authorized by Blackboard's access list are allowed past a central point.
- Surveillance cameras located throughout the facility capture activity to help ensure unauthorized entry to protected areas.

Power:
- State-of-the-art generators clean and condition commercial electrical power to remove irregularities in the signal. Power is run through the generators before being passed into the facility.
- In the event of a loss of power from the grid, power backups are utilized in the following order: commercial utility underground conduits, two (2) hour battery backup (industry standard is only fifteen (15) minutes), diesel generator with full-load capability and additional fuel supply.

Network:
- Redundant Internet connections through dual Tier-1 Internet Service Providers.

Startup:
Blackboard is responsible for the setup and configuration of the necessary hardware, software and all components of the Customer server(s). This includes the server hardware and software, telecommunications hardware and software, security software and other software that is reasonably necessary to operate and maintain the Hosted Software.

Initial Access Date:
The Hosted Software is typically initially accessible by Customer from the hosting site within ten (10) business days after execution of the applicable Order Form, provided that Customer has provided to Blackboard a URL and any other information required by Blackboard to perform its obligations under this Managed Hosting Schedule. Blackboard shall provide Customer with procedures for access. The procedures may include, without limitation, provision of any access codes, passwords, technical specifications, connectivity standards or protocols, or any other relevant procedures, to the limited extent any of the foregoing may be necessary to enable Customer to permit its Authorized End Users to access and use the Hosted Software as contemplated in this Managed Hosting Schedule.

Host Latency Service Credit:
The Managed Hosting Service provides a monthly average of two (2) seconds or better Host Latency. "Host Latency" is defined as the time period beginning when the first packet of data transmitted from Customer reaches the external firewall of the Blackboard datacenter environment and ending when the first packet of data responding to such transmission leaves the external firewall of the Blackboard datacenter environment. Latency measurements will not be measured during scheduled maintenance windows. Host Latency excludes any latency incurred on the Customer site or when traversing the internet between the Customer site and the Blackboard datacenter environment.
Upon Customer’s request, Blackboard will provide a report generated by a commercial tool showing Host Latency for the preceding month. Failure to meet the Host Latency service level occurs when, during any calendar month, the average Host Latency for such calendar month is greater than two seconds. Service credits for failure to meet the Host Latency service level are as follows:

<table>
<thead>
<tr>
<th>Time of Latency (per calendar month)</th>
<th>Service Credit</th>
</tr>
</thead>
<tbody>
<tr>
<td>&gt;2-5 Seconds Monthly Average Host Latency</td>
<td>2 days of service fees credited (i.e., 1/15* monthly fees)</td>
</tr>
<tr>
<td>&gt;4-5 Seconds Monthly Average Host Latency</td>
<td>4 days of service fees credited (i.e., 2/15* monthly fees)</td>
</tr>
<tr>
<td>&gt;5 Seconds Monthly Average Host Latency</td>
<td>8 days of service fees credited (i.e., 4/15* monthly fees)</td>
</tr>
</tbody>
</table>

In order to receive any service credit for Host Latency, Customer must notify Blackboard within seven (7) days from the time Customer becomes eligible to receive a service credit, which is the end of each calendar month. Failure to comply with this requirement will forfeit Customer’s right to receive a service credit. In order to be eligible, Customer must be in compliance with the Agreement including the contracted Active User Capacity and storage quota.

**Availability/Service Credit:**

**Standard Service Levels:**

**Standard Service Levels:**

Blackboard shall use commercially reasonable efforts to ensure the Managed Hosting Services are Available twenty-four (24) hours a day, seven (7) days a week with a targeted uptime of 99.7% per calendar month. The Managed Hosting Services shall be considered “Available” except to the extent that an Authorized End User cannot access the Hosted Software due to hardware failure or sustained latency within the Blackboard hosting facilities. Notwithstanding the foregoing, the Availability of the Managed Hosting Services shall be determined without regard to any (i) packet loss, latency or network unavailability due to scheduled maintenance, (ii) the inability of a user to connect with the Managed Hosting Services due to Internet or telecommunications problems outside the reasonable control of Blackboard, or (iii) Force Majeure. For purposes of this section, “Force Majeure” means causes beyond Blackboard’s reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts or inability to obtain any export or import license or other approval or authorization of any government authority.

If the Managed Hosting Services are Available less than 99.7% per calendar month, Customer will be eligible to receive service credits as outlined below. Such service credits shall be Customer’s sole remedy for failure to meet the applicable targeted uptime. In order to receive any service credit, Customer must notify Blackboard within seven (7) days from the time Customer becomes eligible to receive a service credit, which is the end of each calendar month. Failure to comply with this requirement will forfeit Customer’s right to receive a service credit. In order to be eligible, Customer must be in compliance with the Agreement including the contracted Active User Capacity and storage quota. The aggregate maximum number of service credits to be issued by Blackboard to Customer for any and all downtime periods and performance problems during any given calendar month shall not exceed the fees for one month of service.

<td>2 days of service fees credited (i.e., 2/20* monthly fees)</td>
</tr>
<tr>
<td>8 to 96 aggregate hours below 99.7% Availability</td>
<td>5 days of service fees credited (i.e., 5/20* monthly fees)</td>

</tbody>
</table>

*Each block of 8 hours below 99.7% Availability thereafter shall be credited 5 days of service fees.*

*All service credits shall be applied to the next period’s Managed Hosting fees.*

The service levels set forth herein are subject to change upon 30 days’ prior written notice to Customer.

**Enhanced Service Levels (99.9%):**

If Customer meets the following requirements, Customer shall automatically be entitled to 99.9% enhanced service levels. This means that the Availability of the Managed Hosting Services shall be calculated against a 99.9% targeted uptime rather than a 99.7% targeted uptime. All other provisions of the Standard Service Levels shall continue to apply.

a. Customer has Platinum Level Service (on Blackboard Platinum Package) or Diamond Level Service (which requires having annual subscription to Production Environment, Staging Environment and non-production Test Environment and minimum of 25% Time Complex Hosting Manager services).

b. The production environment of the Hosted Software is on Blackboard Learn Course Delivery 9.1 or later version and is at maximum only two application pack versions older than the then-current Generally Available version.

c. Customer’s usage is within contracted levels for Active User Capacity and storage.

d. Any Building Blocks deployed on the production environment of the Hosted Software are compliant with the standard Managed Hosting Building Blocks Policy, and

e. Customer is currently subscribed to Integration and Customization Maintenance (“ICM”) Service from Blackboard Consulting for supporting any SIS integration between the Hosted Software and Customer’s student information system (“SIS”) that was completed by Blackboard Consulting.

The enhanced service levels described herein apply only to production environments and do not apply to Staging Environments.

**Enhanced Service Levels (99.8%):**

If Customer meets the following requirements, Customer shall automatically be entitled to 99.8% enhanced service levels. This means that the Availability of the Managed Hosting Services shall be calculated against a 99.8% targeted uptime rather than a 99.7% targeted uptime.

All other provisions of the Standard Service Levels shall continue to apply.
10 Customer has Gold Level Service (subscription to Production Environment hosting and Standard Hosting Manager services) or Platinum Level Service (on Blackboard Platinum Package) or Diamond Level Service (which requires having subscription to annual Production Environment, Staging Environment and non-production Test Environment and minimum of 25% Time Complex Hosting Manager services),
11 Hosted Software on production environment is on Learn Course Delivery 9.1 or later version and is at maximum only two application pack versions older than the then-current Generally Available version; and
12 Customer’s usage is within contracted levels for Active User Capacity and storage.

The enhanced service levels described herein apply only to production environments and do not apply to Staging Environments.

If Customer does not have Platinum Level Service (on Blackboard Platinum Package) or Diamond Level Service (which requires having annual subscription to Production Environment, Staging Environment and non-production Test Environment and minimum of 25% Time Complex Hosting Manager services), the Availability/Service Credit does not apply to the 7 calendar day period following the installation of an application pack, update or upgrade on the production environment because of the lack of Blackboard’s full control over the upgrade project management.

If the problem is due to a System Outage, Blackboard will notify Customer’s designated technical contact via email. This notice will include the reason for the System Outage and estimated time for restoration of Managed Hosting Services, to the extent known by Blackboard at the time of such notice. Blackboard will promptly commence remedial activities and use commercially reasonable efforts to resolve the System Outage within the time estimate provided to Customer.

Following recovery from any System Outage, Blackboard will provide Customer with a post-incident summary that includes:

7.3. cause of the System Outage (if determined);
7.4. method used to correct the problem; and
7.5. measures Blackboard will take to prevent similar System Outages in the future (if any).

MONITORING AND PERFORMANCE
Blackboard will make network performance reports available to Customer via www.below.blackboard.com or as requested. These reports are designed to provide usage and performance information to help in the continual monitoring and improvement of the design and operation of the hosted environment. In addition, upon request by Customer, Blackboard will provide Customer with monthly reports including information on Managed Hosting Services usage, system outages and changes made to the Blackboard system during that month.

Customer acknowledges and agrees that any reports provided by Blackboard to Customer pursuant to this Schedule shall constitute Blackboard’s Confidential Information for purposes of this Agreement.

§ All changes to the Blackboard-named URL. All Blackboard Customers are assigned a URL that reads http://institutionname.blackboard.com. The institution is allowed to pick the "institutionname". However, any re-directs to other URLs are the responsibility of Customer and not Blackboard. For example, if the Customer chooses the URL http://institutionname.org, Customer is responsible for the redirect to the http://institutionname-blackboard.com site using a CNAME record. Any IP addresses allocated by Blackboard to Customer are in accordance with the American Registry for Internet Numbers (ARIN) guidelines for Internet Numbers and applicable agencies.

BUILDING BLOCKS POLICY

If Customer has implemented the Blackboard Software prior to purchasing Managed Hosting Services or plans to implement a Building Block, Blackboard recommends that Customer take the following steps before installing a Building Block on a production system: 1) apply and thoroughly test all Building Blocks in Customer's test/development environment prior to implementing the Building Block in the production environment, and 2) before requesting an update/upgrade to Blackboard on Customer's production environment, contact the vendor of the Building Block or check the Building Blocks Catalog to ensure that Customer has the latest version prior to upgrading Customer's Hosted Software. If an issue arises with Customer's Hosted Software, the Blackboard Managed Hosting Service support team will work with Customer to troubleshoot the problem. If the Blackboard Managed Hosting Service support team isolates the problem as related to one or several Building Blocks, the Blackboard Managed Hosting Service support team may need to disable the Building Block to further troubleshoot the issue or to restore overall service.
