2. SERVICE/REVENUE MODELS FOR ONLINE COURSES

2.1 Content Services and Revenue Models. Company shall offer to University three service/revenue models to provide Content through the Platform, which will be hosted by Company on the Company Website. Each of these models is described in subsections (a) through (c) below. University may elect the appropriate model for each Course on a per-Course basis, at the same time as the Parties agree on the Content to be offered, and with what Course Lifespan, as specified in Section 3.4(b) below. Such election may be changed by University during the Term in accordance with Section 3.4(b) below.

(a) Coursera Monetization Model. Under the Coursera Monetization Model, University (through its Instructors) may develop, produce and submit Courses to Company, and Company may agree to host and make any such Courses available through the Platform on the main portion of the Company Website, at no cost to University. This agreement is subject to the requirement that such Courses fully satisfy the Course Criteria and Quality Standards. University will be responsible for providing Company the Content in a format that can be hosted and streamed via the Platform. Company reserves the right to remove or otherwise suspend access to any Courses failing to satisfy the Course Criteria, at Company’s reasonable discretion, with at least three business days prior notice. As between Company and University, Company will be responsible for monetizing and otherwise generating revenue from the offering of such Courses through the Platform and collecting such revenue. All such revenue collected by Company will be shared between Company and University as set forth in Section 5.1. University shall be responsible for any further sharing of any such sums received by University with Instructors or other third parties pursuant to University’s agreements with such third parties. Company may pursue any monetization models under the Coursera Monetization Model, subject to University’s approval as reflected in a Course Development Agreement, as described in Section 3.4(a). Potential Company monetization models are provided in Schedule 1, attached hereto, by way of example and not limitation. University agrees and acknowledges that the set of Courses agreed under the Coursera Monetization Model shall include a reasonable percentage with a viable monetization strategy. The pricing methodology and price ranges to be charged for each of any Company products and services offered under monetization strategies agreed upon by Company and University under the Coursera Monetization Model shall be specified in a Course Development Agreement for each Course.

(b) University Monetization Model. Under the University Monetization Model, University (through its Instructors) will develop, produce and submit Courses, and Company may host and make such Courses available through the Platform. University will be
responsible for providing Company the Content in a format that can be hosted and streamed via the Platform, and such Content, while not required to satisfy Course Criteria in order to be made available on the Platform, must satisfy the Quality Standards. At Company’s sole discretion, Company may make such Content that it reasonably determines not to satisfy fully the Quality Standards or the Course Criteria available on a separate page on the Company Website that is different than the main portion of such website. As between University and Company, University will be responsible for monetizing and otherwise generating revenue from the offering of such Courses through the Platform and collecting such revenue. All such revenue collected by University will be shared between Company and University as set forth in Section 5.2. In addition, by mutual consent, Company may provide additional monetization opportunities, in which case all revenue collected by either Party under any such opportunity will be shared with the other Party as set forth in Section 5.2, as applicable.

(c) Registered Students Model. Under the Registered Students Model, Company will make Content corresponding to any course offered by University available to Registered Students through the Platform at no charge. University may make such Courses available through the Platform only to Registered Students, using standard protocols for authentication of on-campus students. University will be responsible for providing Company the Content in a format that can be hosted and streamed via the Platform in accordance with the Quality Standards. If any Course offered under the Registered Students Model is determined not to meet the Quality Standards, Company may decline to offer such Course through the Platform, subject to the procedures applicable to Quality Standards set forth in Section 3.4(c).

3. RIGHTS AND OBLIGATIONS OF THE PARTIES WITH RESPECT TO ONLINE COURSES

3.1 Platform and Support. Company will provide University with Application Programming Interfaces ("APIs") to enable University to connect with the Platform and will host the Platform and associated Content and stream such Content to end users. Company will also provide University with technical support in connection with its use of the Platform and APIs.

3.2 Course Design and Development. Each of the Parties will perform the obligations, tasks and responsibilities assigned to such Party in Exhibit A with respect to the design and development of Courses for the Platform.

3.3 Company Website. The Company Website will allow for the uploading of Course Content by University or Instructors via interfaces and authoring tools. The Company Website will be configured so that during the Course Lifespan (defined in Section 3.4(b) below) Instructors may customize, update or adapt Courses provided through the Platform, subject to guidelines provided by Company.

3.4 Course Offerings.

(a) Course Development Agreement. Prior to any Course offering, Company, University and Instructor(s) will mutually agree on and execute a Course Development Agreement, pursuant to which University and Instructors will offer the applicable Course through the Platform. The expected Content of the Course Development Agreement is
specified in Exhibit E. Should Instructor(s), in the process of preparing the Course, decide to make material changes to the agreed upon Course specifications, Company must be notified promptly, and no fewer than 30 days prior to the first scheduled launch of the Course on the Platform. Should Company decide, at its reasonable discretion, that these changes may result in a significantly diminished experience to End Users taking the Course, Company shall send University, within 7 business days, a “Deficiency Notice” and may, at its own discretion, decline to launch the Course at its scheduled time. The Parties will confer regarding any corrective actions and a possible new launch date. If University reasonably disagrees with any Deficiency Notice, University will promptly inform Company, and Company will promptly submit the relevant Course Development Agreements to University Advisory Board for review. The University Advisory Board will use reasonable efforts to make a prompt determination of the acceptability of the modified Course. Such determination of the University Advisory Board will be final. If the Course is accepted by the University Advisory Board, Company will launch the relevant Content on its scheduled launch date, or promptly upon the decision of the University Advisory Board, whichever is later. If the Course is rejected by the University Advisory Board due to the substance of the proposed changes to the Course Development Agreement, University may correct the deficiencies and resubmit the Course for an additional review.

(b) Course Lifespan. Prior to any Course offering, the Parties will mutually agree on an initial period for a guaranteed offering of a Course ("Initial Period"), as set forth in the Course Development Agreement. The Course will continue to be offered following the Initial Period, and after the Initial Period University may request that the Course be removed from the Platform ("Removal Request"), and within 90 business days (or as otherwise agreed to by the Parties in a Course Development Agreement) of receipt of the Removal Request, Company will remove the Course from the Platform. For purposes of this Agreement, “Course Lifespan” means the later of (i) the time until the end of the Initial Period or (ii) the date the Course has been removed from the Platform pursuant to any Removal Request. At the end of the Course Lifespan, University has the right to request that such Course be removed from the Company Website or moved from the Coursera Monetization Model to the University Monetization Model.

(c) Course Acceptance Procedures. Upon upload of the Course Content onto the Platform, Company has the right to check the materials for compliance with the Course Development Agreement, Course Criteria and for reasonable technical quality standards ("Quality Standards") relating to such issues as: (i) video quality; (ii) audio quality; and (iii) correct formatting of assessments and other Content. Should Company find that the Content is not compliant with either the Course Development Agreement or the Quality Standards, Company has the right to so notify the Instructor(s) and University, and return the Content to the Instructor(s) and University for correction (via a “Deficiency Notice”). Such Deficiency Notice must be provided no later than the last of the following: (i) 21 days in advance of the launch of the Course; (ii) a week following the upload of the relevant Content by the Instructor(s) onto the Company Website; or (iii) promptly upon having a relevant issue pointed out by an End User of the Course through an email or forum post read by Company staff. University will correct such Course deficiencies after having received the Deficiency Notice and submit a corrected version of the relevant Content at least three days prior to its scheduled launch date, or within a week of receiving the Deficiency Notice, whichever comes later. Should University not resubmit a version of the Content correcting the issues identified in the Deficiency Notice, Company may,
at its sole discretion, decline to launch the Content at its scheduled time. If, after resubmission, Company believes in its reasonable discretion that such Course still does not satisfy any criteria set forth in the Course Development Agreement, Company shall send University another Deficiency Notice and may, at its own discretion, decline to launch the Course at its scheduled time, and the Parties will meet and confer regarding any further corrective actions and a possible new launch date. If University reasonably disagrees with any Deficiency Notice, University will promptly inform Company, and Company will promptly submit the relevant Course to University Advisory Board for review. The University Advisory Board will use reasonable efforts to make a prompt determination of the acceptability of the relevant Course. Such determination of the University Advisory Board will be final. If the Course is accepted by the University Advisory Board, Company will launch the relevant Content on its scheduled launch date, or promptly upon the decision of the University Advisory Board. If the Course is rejected by the University Advisory Board for not having met the criteria set forth in the Course Development Agreement, or due to quality issues observed by Company, University may correct the deficiencies and resubmit the Content, so long as Company receives any such resubmitted Content at least two days prior to its scheduled launch date. Any Content resubmitted by University after that time may be delayed, or launched by Company in its sole discretion.

(d) Content Pullout. Except as otherwise provided herein, University may not remove, block or suspend access, or authorize an Instructor to remove, block or suspend access, to a Course submitted by University during the Course Lifespan without the prior written approval of Company unless the Instructor who provided the Course or University can demonstrate that any material portion of such Course is grossly erroneous or has become out-of-date in ways that cannot be promptly corrected, or that such Course is non-compliant with any applicable law or regulation. Any disputes between Company and University with respect to the grounds for removing, blocking or suspending access to a Course shall be referred to the University Advisory Board (as defined in Section 9.1) for resolution. Notwithstanding the foregoing, Company will have the right to remove, block or suspend access to any University-provided Content should it be subject to an adverse inquiry or claim (e.g., use of copyrighted materials without approval).

(e) Third-Party Claims. Should either Party receive a written notice from a third party alleging infringement of its Intellectual Property Rights arising from the provision of University-supplied Content through the Platform or be subject to a governmental investigation, that Party will provide the other Party with notice of the alleged infringement claim, and the Content pertaining to such claim may be removed from the Platform should it be determined based on further evaluation of such claim that the Content is infringing.

3.5 Forums. Company will host a Q&A forum through which End Users can interact with each other and with Instructors to discuss Course materials. For the first offering of a Course, University will make reasonable efforts to monitor the respective forum to ensure that material Course errors or issues are identified and addressed.

3.6 Analytics and Scores. Company will administer assessments and make available to University certain aggregate analytics regarding End User behavior and performance for University Courses, which will include information on any of the following: End User
demographics, module usage, aggregate assessment scores (stratified by demographics) and reviews by demographics.

4. **NON-EXCLUSIVITY**

This Agreement forms a non-exclusive relationship between the Parties. Nothing in this Agreement (a) limits Company’s right to host, distribute or otherwise make available Content obtained from third parties, including other educational institutions, whether in connection with the Platform or otherwise, or (b) limits University’s right to host, distribute or otherwise make available any of its Content through third parties, in each case except as otherwise expressly agreed to in writing by the Parties.

5. **REVENUE SHARING AND PAYMENT**

5.1 Coursera Monetization Model. Any revenue accruing through the Coursera Monetization Model will be shared by Company with University and paid as set forth in, and in accordance with, Section 1 of Exhibit B and this Section 5.

5.2 University Monetization Model. Any revenue accruing through the University Monetization Model will be shared by University with Company and paid as set forth in, and in accordance with, Section 2 of Exhibit B and this Section 5.

5.3 Reporting and Payment. Each Party will pay to the other Party the amounts owed under this Agreement in accordance with Exhibit B.

5.4 Records. During the Term, and for a period of two years thereafter, each Party will maintain complete and accurate books and records pertaining to all amounts due to the other Party under this Agreement in sufficient detail to enable the amounts due to the other Party to be calculated or determined (“Records”).

5.5 Audit. Each Party (through itself or its designated auditors) will have the right to conduct at its expense an audit, not more frequently than once every calendar year, for the sole purpose of determining the other Party’s compliance with its recording and payment obligations under this Agreement. Upon at least ten business days written notice from a Party, the other Party agrees to permit during regular business hours such Party (or its designated auditor), who shall be made subject to written obligations of confidentiality at least as protective as those provided in this Agreement, to examine only those Records necessary for verifying the payments due under this Agreement during the applicable audit period, which shall not exceed the preceding eight calendar quarters. If any amounts due a Party are ultimately determined to have been underpaid, the other Party will pay any such amounts within 30 days after receipt of an invoice for same from the auditing Party. In the event the audit shows that a Party has underpaid by five percent (5%) or more, then such Party will pay the reasonable costs of such audit.

5.6 Taxes. Each Party will be responsible for the payment of all federal, state, and local sales, use, value added or other taxes that are levied or imposed on it by reason of the transactions under this Agreement (other than for taxes based on the other Party’s income). If a Party is required to pay any such taxes for which the other Party is responsible, then the taxes will be billed to and paid by such other Party.
7. LICENSE GRANTS AND INTELLECTUAL PROPERTY

7.1 Content License. Subject to the terms and conditions of this Agreement, University grants to Company a non-exclusive, worldwide license to reproduce, distribute, publicly display, publicly perform, enhance, modify, adapt and translate Content provided by University or any of its Instructors for use on Company's properties in connection with the Platform.

7.2 Platform Use and Restrictions. Subject to the terms and conditions of this Agreement and the Instructor Agreement, University and Instructors will have the right to access and use the Platform and to upload Content in connection therewith. University and Instructors will also have the right to construct or provide additional software of value to a particular Course, and which will connect with the Platform via APIs provided by Company. University will not, and will not attempt to (a) decompile, disassemble, reverse engineer or otherwise attempt to derive the source code for the Platform, except and only to the extent applicable law prohibits or restricts reverse engineering restrictions or (b) modify, adapt, alter, or create derivative works of the Platform.

7.3 No Implied Licenses. Except as otherwise expressly granted in this Agreement, no license or other rights under a Party's Intellectual Property Rights is granted to the other Party, by implication, estoppel or otherwise.

7.4 Ownership of Intellectual Property.

(a) Content. All right, title and interest in and to Content created by Instructors or University and provided to Company under this Agreement and all Intellectual Property Rights relating thereto will remain with the applicable Instructor and University, except that all right, title and interest in and to enhancements made by Company to the Content in the form of translations, adaptations, captioning, encoding, transcripts or video annotations produced in response to accessibility requests ("Content Enhancements") will be exclusively owned by Company.

(b) Platform. All right, title and interest in and to the Platform, related documentation, the Company Website and all updates, modifications, enhancements, improvements, upgrades or corrections thereof, including any assessment features added thereto, and all related Intellectual Property Rights will be exclusively owned by Company. Notwithstanding the foregoing, any software, interfaces or assessment features created or developed solely by University or an Instructor, and the Intellectual Property Rights relating thereto, will be solely owned by University or Instructor, as applicable. Company is hereby granted a royalty-free and non-exclusive license to use any such software, interfaces or assessment features for the duration of the applicable Course Lifespan(s) and solely in connection with offering the applicable Course(s) through the Platform.

(c) Joint Works. Subject to the foregoing Sections 7.4(a) and (b), any Content, software (including APIs and interfaces), technology, trade secrets, works of authorship, inventions (whether patentable or un-patentable) and features and all updates,
modifications, enhancements, improvements, upgrades relating thereto ("Joint Works") and all Intellectual Property Rights therein that are jointly created or developed by the Parties during the Term will be jointly and equally owned by the Parties, and each Party will have the unlimited right to freely use such Joint Works without a duty of accounting to, or consent from, the other Party.

7.5 Limitations on Use of Content Enhancements. In the event Company makes any Content Enhancements for enabling the hosting, streaming, display or presentation of Content via the Platform, University shall not use, and shall not allow its Instructors to use, such Content Enhancements without Company's prior written consent, except for the sole use by University for its Registered Students in connection with the applicable Course offered through the Platform. Any other use of the Content Enhancements by University or its licensees or Instructors will require Company's express prior written consent. Similarly, Company shall not use the Content Enhancements for any purpose not related to the offering of the associated University's Course.

8. INSTRUCTOR AGREEMENT

University will require and cause all of its Instructors or guest presenters providing any Content for use on the Platform, prior to uploading any such Content to the Platform, to execute and deliver to Company the applicable Instructor Agreement. In addition, to the extent participation of any other person is used in any Course, University will obtain a written release, in a form attached hereto as Exhibit G-2, from each participating person prior to uploading any such Course to the Platform. University shall provide copies of the Instructor Agreements or participation releases for any University Course to Company upon request.

Company has an academic advisory board comprised of a senior academic official from each of nine participating institutions ("University Advisory Board") with Company being a non-voting member of such advisory board for the purpose of participating in and providing input to discussions. Institutional representatives will rotate into the board on an annual basis, with 3 of the 9 members rotating off the board every year. The University Advisory Board will advise Company regarding academic decisions (including the selection and provision of new Content). Selection of incoming members into the University Advisory Board will be made by its current members, in consultation with the senior academic officials of other partner institutions. Activities and responsibilities of the University Advisory Board are further set forth on Exhibit D, attached hereto.

10. COPYRIGHT CLEARANCE

As between University and Company, University will be responsible for reviewing and obtaining any necessary licenses, waivers or permissions with respect to any third-party rights to Content provided by University or Instructors. To the extent that Company provides any accommodations for the Content, as provided in Section 11.2 below,
the Parties acknowledge and agree such accommodations are being provided solely to make such Content accessible to persons who otherwise would not be able to access or use such Content, and are not intended to be modifications to, or derivative works of, any underlying Content.

11. ADA COMPLIANCE

11.1 University Responsibilities. University will be responsible, at its expense, for providing Content that is accessible to End Users with disabilities, including End Users with visual impairments using a screen reader technology, to enable compliance with the applicable laws and regulations of the Americans with Disabilities Act ("ADA"). University and its Instructors, as part of the Course preparation, will provide the materials required to be provided by University and its Instructors as provided in the ADA Compliance Protocol, including: (i) copies of any slides used in the video lectures and (ii) text description files for any material images used in quizzes or problem sets. Upon request of an End User with a disability, and as further set forth in the ADA Compliance Protocol, University will, consistent with and to the extent required under applicable laws and regulations pertaining to disability access, use commercially reasonable efforts to provide appropriate accommodations in a reasonable timeframe with respect to the Course and will bear costs associated with such accommodations during the Course Lifespan. University will provide assistance to Company as reasonably necessary for Company to fulfill its obligations under this paragraph. Company shall further cooperate with University with respect to requests for accommodations from End Users with disabilities as further set forth in the ADA Compliance Protocol.

12. NAME USAGE, TRADEMARKS AND PRESS RELEASE

12.1 Name Usage License. Subject to the terms and conditions of this Agreement (including Section 12.2), each Party grants (the “Granting Party”) to the other Party (the “Licensing Party”) a non-exclusive, non-assignable (subject to Section 19.9), limited, worldwide license (without right to sublicense) to use the name, brand name, trademarks, service marks and logos designated on Exhibit C attached hereto (“Marks”) of the Granting Party solely in connection with the offering of Content provided by University via the Platform and the marketing, promotion and advertising thereof, as further set forth on Exhibit C.
12.2 Trademark Usage Guidelines. Each Party will comply with the trademark usage guidelines provided by the Granting Party as of the Effective Date, which the Granting Party may update from time to time, provided that the Licensing Party shall not be required to cease, alter or modify use of the Granting Party’s Mark(s) as a result of any such update or subsequent change made to the trademark usage guidelines unless the Parties mutually agree. Subject to the foregoing sentence, the Granting Party will have the right to review the Licensing Party’s usage of the Granting Party’s Marks and require modifications to such use consistent with the Granting Party’s usage guidelines, and at the Granting Party’s request, the Licensing Party will correct all uses that do not comply with the Granting Party’s guidelines or cease any use of such Marks. The Parties agree that any and all permitted use of the Granting Party’s Marks and any goodwill established in connection therewith will inure to the exclusive benefit of the Granting Party, and use of such Marks will be subject to the Granting Party’s prior, express authorization and approval, in each instance, provided that once initial approval is obtained by the Licensing Party for such permitted use, the Licensing Party shall not be required to obtain the Granting Party’s approval for subsequent uses that are consistent with the prior authorized and approved use even if the Granting Party’s trademark usage guidelines have been subsequently updated or changed. The Marks of the Granting Party are and will remain the sole and exclusive property of the Granting Party.

12.3 Linking Obligation. University will promote Company and the Services on websites that are maintained or controlled by University by prominently identifying Company and providing a link to the Company Website, consistent with University’s policies or guidelines with respect thereto, and as may be further set forth in Exhibit H, attached hereto.

Each Party represents and warrants to the other Party that (a) the execution and delivery of this Agreement has been duly authorized by all necessary action; (b) this Agreement is a legally and valid obligation binding upon it and is enforceable in accordance with its terms, and the execution, delivery and performance will not conflict with any agreement, instrument or understanding to which such Party is bound; and (c) it has the full right and capacity to grant the rights hereunder without violating or conflicting with the rights of any third party.

14. CONFIDENTIALITY; END USER DATA
14.1 **Confidential Information.** During the performance of their obligations under this Agreement, the Parties may exchange or obtain confidential and proprietary information of the other Party. For purposes of this Agreement, the Party disclosing Confidential Information is hereinafter referred to as the "Disclosing Party" and the Party receiving Confidential Information hereunder is hereinafter referred to as "Recipient." "Confidential Information" means only non-public information relating to the business or affairs of a Disclosing Party that is disclosed to a Designated Agent of the Recipient in writing, marked "Confidential" or with a similar legend. Confidential Information will not include: (i) information that is in the public domain before the Effective Date or becomes generally available to the public other than as a result of disclosure by the Recipient, (ii) information available to the Recipient on a non-confidential basis before receipt from the Disclosing Party, (iii) information received by the Recipient from a third party who is under no obligation to keep the information confidential; or (iv) information developed independently by the Recipient, without using or referring to the Disclosing Party’s Confidential Information, as evidenced by Recipient’s written records.

14.2 **Permitted Use.** Each Party will use the other Party’s Confidential Information solely to carry out its obligations under this Agreement and for no other purpose. Neither Party has or will obtain any other rights or interest in the other Party’s Confidential Information by virtue of disclosure hereunder.

14.3 **Non-Disclosure.** Except as otherwise required by law, Recipient agrees not to disclose the Confidential Information of the Disclosing Party to any third parties or to any of its employees or independent contractors except those employees and independent contractors who have a need to know the Confidential Information in order for the Recipient to perform its obligations hereunder and where such employees will be made aware that the information is confidential and will be under a written contractual restriction of nondisclosure and proper treatment of Confidential Information. The Recipient agrees to use the same care and discretion to avoid disclosure, publication or dissemination of the Disclosing Party’s Confidential Information that the Recipient uses to protect its own Confidential Information, but in no case will Recipient use less than reasonable care to protect the Disclosing Party’s Confidential Information. The existence of this Agreement shall be kept confidential by both Parties, to the extent allowed by law, in the event either Party is required to or in its best interest derives that it must disclose, each Party shall notify the other of such disclosure. Notwithstanding the foregoing, either Party may disclose the existence and terms of this Agreement to its advisors, counsel, actual or potential financing sources or acquirers, and to senior administration officials at other educational facilities, in each case under written obligations of confidentiality.

immediately notify the Disclosing Party thereof (including the manner of disclosure) so that the Disclosing Party may take such action as it deems necessary to intervene, limit the scope of disclosure or otherwise seek assurances of confidentiality. Further, Recipient agrees to cooperate fully with the Disclosing Party in taking action to protect the Disclosing Party’s Confidential Information or otherwise limit the scope of required disclosure.

14.6 Student Information and Communications. End Users’ use of the Platform and Company’s use of End User information will be subject to the Coursera privacy policy provided on the Company Website.

(a) Coursera Monetization Model. Company will not disclose any End User data collected in connection with Courses offered under the Coursera Monetization Model to University or any third party without the End User’s express permission. University will not sell, provide or otherwise disclose any End User data collected in connection with Courses offered under the Coursera Monetization Model, including e-mail addresses and other contact information, to any third party without the End User’s express permission. (b) University Monetization Model. With End User consent, Company will provide University access to End User names and e-mail addresses and per-End User assessment results collected in connection with Courses offered under the University Monetization Model in a grade book format, provided that University agrees not to sell, provide or otherwise disclose any such data to any third party without the End User’s express permission. University will not use such End User e-mails or other contact information, or allow third parties to whom it has provided such information to use, in a manner that would reflect negatively on the Services or the Company Website. University agrees that it will use such End User e-mails or other contact information only to deliver communications or advertisements that are of a quantity and quality that are commensurate with University’s high standards and do not impose an unreasonable intrusion on any End Users’ time or resources only for (i) the purpose Course-based administrative communications or (ii) University-sponsored activities. University will provide a mechanism to allow End Users receiving communications via such e-mail or other contact information to opt out of such University communications. Except with the prior consent of University, Company will not contact End Users enrolled in Courses subject to the University Monetization Model (other than regarding administrative matters such as site maintenance), nor will it authorize third parties to contact such End Users via the Company Website except for administrative communications sent to End Users relating to University Courses.

15.1 DISCLAIMER OF WARRANTY. THE SERVICES AND THE PLATFORM ARE PROVIDED BY COMPANY "AS IS" WITHOUT ANY WARRANTY OF ANY KIND, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

15.2 DISCLAIMER OF CONSEQUENTIAL DAMAGES. EXCEPT FOR DAMAGES OR LIABILITY ARISING FROM UNIVERSITY'S BREACH OF SECTION 13.2 (REPRESENTATIONS BY UNIVERSITY), UNIVERSITY'S FAILURE TO OBTAIN VALID COPYRIGHT CLEARANCE FOR CONTENT IN ACCORDANCE WITH SECTION 10 (COPYRIGHT CLEARANCE), A BREACH OF A PARTY'S CONFIDENTIALITY OBLIGATIONS UNDER THIS AGREEMENT, OR A PARTY'S WILLFUL MISCONDUCT, NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES (INCLUDING DAMAGES FOR LOSS OF BUSINESS OR INFORMATION OR BUSINESS INTERRUPTION) ARISING OUT OF THIS AGREEMENT OR ARISING FROM OR RELATING TO THE PLATFORM, REGARDLESS OF WHETHER SUCH LIABILITY IS BASED ON BREACH OF CONTRACT, TORT, STRICT LIABILITY, BREACH OF WARRANTIES OR OTHERWISE, AND EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS EXCLUSION AND LIMITATION SHALL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

15.3 LIMITATION ON LIABILITY. EXCEPT FOR DAMAGES OR LIABILITY ARISING FROM UNIVERSITY'S BREACH OF SECTION 13.2 (REPRESENTATIONS BY UNIVERSITY), UNIVERSITY'S FAILURE TO OBTAIN VALID COPYRIGHT CLEARANCE FOR CONTENT IN ACCORDANCE WITH SECTION 10 (COPYRIGHT CLEARANCE), OR COMPANY'S BREACH OF SECTION 13.3 (REPRESENTATION BY COMPANY), A PARTY'S TOTAL AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT, REGARDLESS OF THE FORM OF THE CAUSE OF ACTION, WHETHER IN CONTRACT, TORT, STATUTE OR OTHERWISE, SHALL IN NO EVENT EXCEED THE TOTAL AMOUNT OF NET PROFITS SUCH PARTY RECEIVED IN CONNECTION WITH THE MONETIZATION OF UNIVERSITY COURSES UNDER THIS AGREEMENT IN THE TWELVE MONTHS PRECEDING THE DATE ON WHICH THE CLAIM FOR DAMAGES OR LIABILITY AROSE.
16. INDEMNIFICATION

Neither Party to this Agreement agrees to indemnify the other Party or to defend or hold harmless the other Party from liability hereunder. Each Party will be responsible for its own negligent acts or omissions. For purposes of this paragraph only, the term "Party" includes the named Party, their directors, officer and employees. The terms of this Section shall survive expiration or termination of this Agreement.

17. TERM AND TERMINATION

17.1 Term. This Agreement will commence on the Effective Date and will continue in effect until terminated as set forth below (the "Term").

17.2 Termination for Cause. Either Party may terminate this Agreement, upon written notice to the other Party: (a) if such other Party commits a material breach of this Agreement, which breach is not cured within 30 days of receipt of written notice of such breach from the non-breaching Party, (b) immediately if such other Party has a receiver appointed, or an assignee for the benefit of creditors or in the event of any insolvency or inability to pay debts as they become due, except as may be prohibited by applicable bankruptcy laws, or (c) immediately if the acts or omissions of such other Party adversely or negatively cause or result in material damage to or loss of a Party's reputation. Any disagreements or disputes regarding any material damage or loss to reputation will be resolved by the dispute resolution procedures set forth in Section 19.2.

17.3 Termination without Cause. Either Party may terminate this Agreement upon providing at least 90 days' prior written notice of such termination to the other Party.

17.4 Consequences of Termination. Termination of this Agreement for any reason does not relieve either Party of its obligation to pay any amounts owed to the other Party that became due prior to such termination. Upon any termination of this Agreement, each Party will promptly return all Confidential Information (other than this Agreement) of the other Party in its possession or control.

(a) In the event of termination of this Agreement by either Party, all rights and obligations under this Agreement will immediately cease, and Company will have no further obligation to provide any of the Services, except that in the case of termination by either Party under Section 17.3 or termination by University under Section 17.2 (and provided Company does not itself have a right to terminate this Agreement under Section 17.2), Company will continue to host and make available, and have the right to monetize, any Course that is being hosted and provided by Company through the Platform at the time of termination for the remainder of the Course Lifespan.

(b) Notwithstanding anything to the contrary in this Section 17.4, in the event of termination of this Agreement by University under Sections 17.2(a) and 17.2(c), Company agrees that for a period of up to three years after such termination, and at University's request, it will continue providing hosting and streaming services through the Platform under the University Monetization Model, subject to all applicable terms and conditions of this Agreement (including
payment by University), which terms and conditions will survive so long as Company continues to provide such services post-termination.

17.5 Surviving Provisions. The following provisions will survive any expiration or termination of this Agreement: Sections 1; 5.1 – 5.3 (for owing and unpaid amounts), 5.4 – 5.6; 7.4; 14; 15; 16; 17.4; 17.5 and 18.

Revenue Sharing

1. Coursera Monetization Model

As between Company and University, revenues from any monetization strategies used under the Coursera Monetization Model will be shared as follows:

- Company will pay to University six to fifteen percent (6 - 15%) of gross revenues received by Company for Courses offered through the Platform (the "Revenue Share").
- The applicable percentage of the Revenue Share will be determined by the Parties in the applicable Course Development Agreement on a per-Course, sliding scale basis, depending on the quality of materials provided by University and on the agreed upon length of the Initial Period. By way of example:
  - Company will pay University six percent (6%) of gross revenues for Courses with minimal production value (as reasonably determined by Company, subject to review by the University Advisory Board for any disagreements by University relating to such determination) or a Course with a three-month Course Lifespan.
  - Company will pay University fifteen percent (15%) of gross revenues for Courses provided as edited, chunked videos with high production value and meaningful assessments (as reasonably determined by Company, subject to review by the University Advisory Board for any disagreements by University relating to such determination) and a 36-month Initial Period.
    - In addition to the duration of the Course as provided above, for each Course offered under the Coursera Monetization Model, Company will also take into account the number and quality of assessments offered for each such Course in determining the applicable percentage of gross revenues such that the percentages identified above may be adjusted up or down at Company’s reasonable discretion.
    - Upon request by University, Company may, at its sole discretion, provide for a higher percentage of Revenue Share for Courses of short Course Lifespan whose topic is such that a shorter Course Lifespan is warranted.
    - At the request by University, Company may provide, for an agreed upon fee, Content preparation services, such as chunking, video editing or help in preparing assessments. The Parties agree that any such services provided by Company do not constitute part of this Agreement but will be provided to University under a separate agreement by Company as a service provider to University.
- In addition, Company will pay University twenty percent (20%) of Gross Profits on the aggregate set of Courses provided by University or Instructors under this Agreement ("Additional Revenue Share"). Calculation of Gross Profits will account for deduction of all costs specific to University Courses, including, but not limited to,
any previous Revenue Share paid to University by Company, costs of captioning and translation of University Courses, hosting and website charges, costs for tutoring and grading, etc. for University Courses.

2. University Monetization Model

To be determined on a Course-by-Course basis and set forth in the applicable Course Development Agreement.

3. Reporting and Payment

• Coursera Monetization Model:

Payment of the Revenue Share and Additional Revenue Share by Company to University will be on a calendar quarter basis. Within 30 days after the end of each calendar quarter, Company will calculate and pay to University the appropriate amount of the Revenue Share and Additional Revenue Share and provide a report indicating how such amounts were determined.

• University Monetization Model:

Payment of the amount due to Company as agreed in a Course Development Agreement will be on a calendar quarter basis. Within 30 days after the end of each calendar quarter, University will calculate and pay to Company the appropriate amount and provide a report indicating how such amount was determined and that specifies in reasonable detail the sources and amount of gross revenue and the categories and amounts per category of deductions taken in calculating the amount due.

Coursera Trademark Usage Guidelines

1. **Rules to Use Trademarks of Coursera, Inc. (“Coursera”)**

   A. **Word Mark and Logo**

   (i) Do not alter the Trademarks. You should not vary the appearance of the Trademarks by abbreviating them, changing their spelling, or using improper capitalization.

   (ii) Keep the Trademarks clear, easy to recognize. Maintain the legibility of the Trademarks and never reproduce the Trademarks’ logos in a manner that causes the logos to become illegible or blurry, which may happen if the logo is reproduced too small.

   (iii) Maintain space between the Trademarks and other logos. Always allow a minimum clear space around the Trademarks’ logo. Never violate the clear space with any graphic elements, words or charts.

   (iv) Set Trademarks apart from surrounding text. When the Trademarks are used in a non-stylized form as part of promotional or marketing materials, it should be set apart and distinguished from the other words in the text. In order to do this, the Trademarks may be rendered in boldface type, italics, capital letters, underscored, or set in quotation marks.

   Example:

<table>
<thead>
<tr>
<th>CORRECT</th>
<th>INCORRECT</th>
</tr>
</thead>

Exhibit C
Marks Usage Guidelines
Courses from various universities are made available through the COURSERA™ platform.

(v) Do not use Trademarks and their logos without permission. You may not use any Trademarks and their logos unless you have an agreement with or express written consent from Coursera authorizing such use.

(vi) Use only the approved master artwork. The Trademarks’ logos are single, standalone pieces of artwork. When reproducing the logos, use only the master artwork provided by Coursera. Do not alter or distort the appearance of the logo in any way, for example, by adding your own design elements or colors or changing the font. The logo must always look sharp, clean and well produced.

B. Form

(i) Use Trademarks as an adjective followed by a generic noun. Trademarks are adjectives and should be followed by the generic term in lowercase letters they modify, such as “courses” or “website.”

(ii) Do not use the Trademarks in possessive or plural form. Never use a trademark as a noun, a verb or in the possessive form. Trademarks cannot be pluralized. Do not add hyphenations to the Trademarks.

(iii) Use the proper trademark symbol. A Trademark should appear with the proper trademark symbol (e.g., ™ or ®). In written materials, the appropriate symbol must be used with the first or most prominent appearance of the Trademarks in headlines and the first time the Trademarks appears in body text. This appropriate symbol also should be used on each subsequent page if the topic is different or if the pages can be separated and distributed independently. If the materials, product packaging, or web page includes a properly licensed Trademarks’ logo, which already includes the appropriate trademark symbol, it is not necessary to include a trademark symbol after the word in the text in that material, product packaging, or web page.

C. Way of Using

(i) Use the proper trademark attribution statement. All marketing collateral, advertisements, product packaging, web pages, and studies that include the Trademarks also must include the proper trademark attribution statement crediting ownership of the Trademarks to Coursera. Typically,
the attribution statement is displayed at the end of the material or in the footer of the document. The correct trademark attribution statement is:

COURSERA is a trademark or registered trademark of Coursera, Inc.

(ii) Do not use Trademarks in false or misleading advertising. Advertising for Coursera or its products or services offered under the Trademarks must not be false or misleading in any way and must not be in violation of any applicable law, municipal ordinance, or administrative agency regulation of any country.

(iii) Do not use Trademarks in objectionable material. You may not use the Trademarks on or in connection with any defamatory, obscene, pornographic, or other objectionable materials of any sort.

(iv) Do not use Trademarks to disparage Coursera. You may not use the Trademarks to disparage Coursera, its products or services, or in a manner that, in Coursera’s reasonable judgment, may diminish or otherwise damage its reputation or the goodwill in the Trademarks.

(v) Do not use Trademarks’ logos as a decorative device. Do not use any such logos for purely decorative purposes in any marketing collateral, packaging, or web site without the express written permission of Coursera.

(vi) No third party products. Do not use the Trademarks in connection with any third party trademarks or service marks, on products which also include third party trademarks or service marks, or to sell or market products or services other than those of Coursera.

2. Rules for Trademarks as a Trade Name

A. Use in the form of a noun. Trademarks functions not only as a trademark and service mark identifying goods and services offered by Coursera, but also as a trade name or company name referring to Coursera. Trade names are nouns and, therefore, should not be followed by a generic descriptor and may be used in the possessive form.

B. Do not use trademark symbols. When used as a trade name, the Trademarks should not be followed by a trademark symbol.

C. Use in documents. Within documents, the first reference to the trade or company name should be the complete form of trade name. For example, the first reference to the trade name should be “Coursera, Inc.” “Coursera” can be used for subsequent references.
Governance

Selection of Partner Institutions. It is Company's intent to offer on its Platform only Content provided by top-quality educational institutions. Within North America, Company will host and provide only Content provided by universities that are a member of the Association of American Universities; provided, however, that Company may devote part of its Services to Content provided by universities outside of North America, provided that such universities are limited to the generally regarded "top five" universities within any country in any given year, as ranked by the current Academic Ranking of World Universities, or any replacement or successor organization. If Company desires to provide Content for any other universities or content providers, Company will be required to obtain the prior approval of the University Advisory Board; provided, however, that no such approval is needed for Company to develop any website, offer any Content or services, or license its Platform or other technology to third parties for use on any third-party website, as long as the website is not located at coursera.org or subdomain name thereof and does not use the brand or name of University.

Role of the University Advisory Board: The University Advisory Board will serve the following role:

- Advise Company regarding academic decisions (including the selection and provision of new Content).
- Serve as the final arbiter in cases involving disagreements or disputes between the Parties regarding (i) acceptance of University Courses for hosting on the Platform, (ii) the pullout of any Content from offering on the Platform and (iii) issues relating to determination of Revenue Share.
- Review the Platform and Services for the purpose of evaluating pedagogy, Content, effectiveness, suitability and other relevant metrics as may be decided from time to time and making suggestions to Company with respect thereto.

ADA Compliance Protocol

Company will use commercially reasonable efforts to make the Platform reasonably accessible to End Users with disabilities, including End Users with visual impairments using a screen reader technology.

For Content provided in any Course for which enrollment is open to the general public, without need for a registration process, University will provide the following materials proactively, at the time the Course Content is uploaded onto the Company Website:

- Any slides, with their annotations, used in the production of the videos.
- A text annotation file describing any images used in quizzes or problem sets, to allow End Users with limited vision to access these quizzes without requiring assistance; this file must be provided in a format accessible to screen reader technology (as per guidelines provided by Company).

Company will provide capability to check that these materials were uploaded onto the Company Website prior to opening the Content to the public.

Company will provide an “Audio Text Transcript” for the audio stream, as follows:

- For all University Courses offered to the public under the Coursera Monetization Model whose initial enrollment is above 10,000 End Users, the audio will be proactively captioned within seven days of the time that the Instructor uploads the video onto the Website.

- For all University Courses offered to the public under the Coursera Monetization Model whose initial enrollment is fewer than 10,000, the audio will be captioned upon request by and End User with a disability, in a timely manner, as specified below.

- For any University Courses under the University Monetization Model or the Registered Students Model for which University requests such captions, at an agreed-upon fee.

When Content is not audio captioned proactively, then upon request (by End User or by University), Company will provide captions for the first week of Content within seven days of request, and then subsequent weeks’ materials at seven days intervals thereafter.

To address accessibility needs for which the above-mentioned accommodations are insufficient, Company and University will implement the following protocol. Upon an accommodation request, Company and University will enter into a good-faith discussion with the End User to find an appropriate form of accommodation that can be provided using reasonable effort and without undue burden. Company’s contact information for such requests will be provided on the Company Website, and inquiries will be responded to in a timely manner, typically within one business day.
If Company and University determine that it is necessary, the accommodation can be up to providing a “Video Text Transcript” of the video stream, in which the audio captions are interspersed with a text description of graphical elements on the slides and other visual elements of the lecture. The Video Text Transcript for the first week will be provided within ten days of the time of the request, and then subsequent weeks’ material will be provided at seven day intervals thereafter.

Should the need for accommodations cause delays for End Users with disabilities, appropriate extensions on deadlines will be given. Extensions to deadlines will be given to End Users with learning disabilities as needed. As another option, should another offering of the Course be planned for the near future, Company will determine whether the End User is willing to postpone enrollment in the Course until that next offering, allowing Company and University to prepare the accommodation materials proactively, so that the End User can receive the annotated materials on the same schedule as other End Users.

To prepare a Video Text Transcript, Company will provide University with the Audio Text Transcript, as specified above, to the extent such transcripts have been created by Company. Descriptions of any graphical elements in the slides or video can then be injected into the Audio Text Transcript by University or its teaching staff to complete the Video Text Transcript. Company will also provide a capability for collecting and displaying “crowd-sourced” annotations to Content, allowing End Users participating in the Course to help provide the necessary annotations. Company will use means at its disposal (such as badges and other forms of recognition) to encourage End Users to participate in this effort.

University Linking Guidelines

[NTD: To be provided by University]
Schedule 1
Possible Company Monetization Strategies

1. Certification: Company will provide University-branded certificates that can be purchased by End Users; these certificates, which do not carry University credit, will certify achievement by End Users of an Instructor-specified threshold of performance for a particular Course. These certificates might be provided either as (a) a signed pdf document, or (b) a badge posted on LinkedIn, Facebook, Google+, or other community websites, via a recognized badging system. The allowed forms of the Certificate or Badge are as shown in Schedule 2.

2. Secure assessments: Company may provide an End User, for a fee, the capability to undergo identity-verified testing at a private location or in a certified testing location.

3. Employee recruiting: With End User consent (via opting into emails of this type), Company will allow prospective Employers (whether an employer or a recruiter) to execute queries against End User records. These queries might involve End User performance in relevant Courses (as specified in the query) as well as End User-supplied demographic information (such as education or geographical location). Company will then allow Employers to email End Users via the Platform, to propose employment opportunities. Company will not reveal End User contact information to the Employer. End Users may choose to respond to the email with their contact information at their discretion.

4. Employee or University screening: Company will provide a prospective Employer the capability to assess prospective employees for a given level of expertise in Courses provided by Company, by having the prospective Employee take a set of assessments in a proctored environment at the Employer site. A similar model will be offered to Universities who want to verify a level of knowledge in incoming End Users (e.g., for evaluating course waiver requests).

5. Human-provided tutoring or manual grading: Company will provide access to (paid) human tutoring, grading, or other forms of human academic support.

6. Corporate/university enterprise model: Company will provide Employers access to an Enterprise Version of the Platform, which will allow Employers to (a) use the Content for training Employees (Trainees) using Courses provided on the Platform, (b) provide Employer instructors access to Trainee performance records, for the purposes of gauging performance and assisting Trainees in learning. Employers might also augment University-provided Courses on the Platform with additional Content of particular relevance to their own employee pool. Such Content will be accessible only to Employer's Trainees. The same model can be used to provide an Enterprise Version of the Platform to non-University academic institutions (e.g., community colleges) that seek to offer their registered End Users higher-quality courses at a lower cost, for credit at these non-University institutions.

7. Sponsorships: Company will allow third party sponsorships of Courses, by foundations or companies, using appropriate and non-intrusive visual elements on the Course webpage. A
sponsor will require the approval by University and Instructor, but such approval will not be unreasonably withheld without cause.

8. **Tuition fees:** For certain Courses, a tuition fee may be charged of End Users for access to the Course content (usually after a short initial viewing period where access is free). This fee will be mutually agreed to by University and Company. In the standard procedure, an End User will be allowed to indicate "Financial Hardship", upon which tuition fees are automatically waived with respect to access to Course Content. Certification to an End User declaring financial hardship may or may not be provided, as agreed upon by University and Company.

9. **Selling or facilitating the sale of Course materials:** Company may sell Course materials (e.g., books or Course readers required or recommended by the Instructor); these materials will be provided by University or Instructor, or by a third party. The Company Website may also point to third-party sites where Course materials can be purchased, and collect fees from such third parties.

10. **Transcript services:** Company may keep grade transcripts for End Users completing Courses on the Platform and provide these grades upon request, with End User permission, to third parties wanting to verify End User performance.

Unless otherwise set forth in a Course Development Agreement, Company may use the XXX University logo (as shown in Exhibit C) on the certificates in a form that is approved in writing by University.
